

Pump-kin

Metering Equipment at Reasonable Prices

SIMPLE DURABLE CONSTRUCTION

- Faster than calculating, weighing, and mixing
- More precise than measuring or guessing ratios
- Cleaner with less resin on hands, clothes, and tools
- Safer, reduces skin contact with materials
- Reduces waste, pump only what you need
- Adjustable ratios
- Even partial strokes have the right ratio
- Precise piston type pumps
- Handles high or low viscosity materials

LOTS OF OPTIONS:

Flexible hoses, Heaters,
Many different reservoirs.

WHEN ORDERING PLEASE GIVE:

- Type of material and product code
- Ratio by volume
- Viscosity of hardener and resin

Rook Metering Equipment
Simple, Dependable, Economical
